

CPR SOUNDS (MUSIC??)

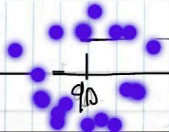

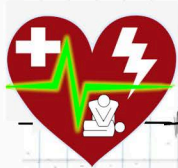

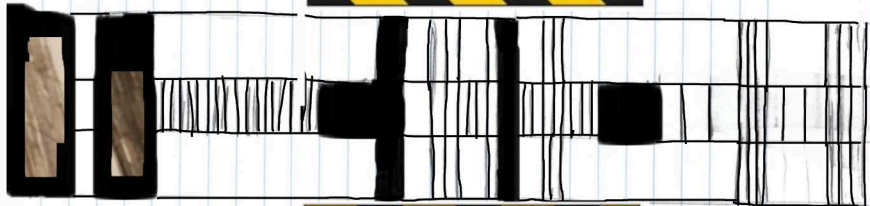

Including many keyboard smashes (Big and Small)

Composition inspired by CPR (But playing it on
someones chest in a emergency situation will not save
their lives. So instead position you hands on middle C).

Focus on the lines

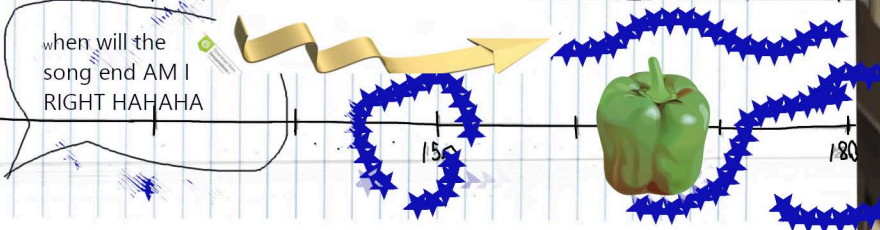

90

120

Treat all lines like
they are straight please,
my hand drawing
can't always be good

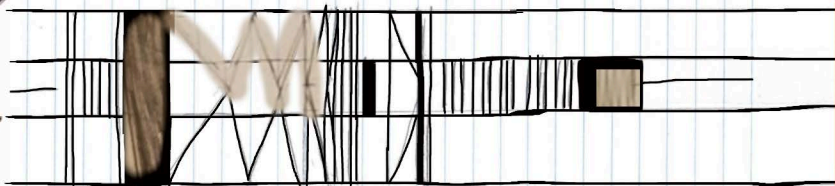

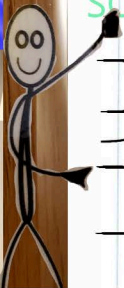

Hey you made
it to the end,
THANK YOU
SO MUCH

DOG S

Love graphic
notation too

I DK how to play
This sif!
